

<b>Participant #4: D.H. (51-60 yo age) Software Developer</b>	
What do you normally use to take photos and/or video recordings?	He has a digital camera he uses for events, but he uses his phone most of the time, which is a Samsung Galaxy Note 20.
Do you prefer taking photos or videos?	Photos
How often do you take photos and/or video recordings?	Three or four times a week.
Do you take photos and/or videos for personal or professional reasons?	Personal
What kinds of things do you like to take photos/videos of?	Takes photos with his phone to help him remember things mostly, and also takes photos of his dogs. Uses his digital camera to take photos of special events.
Do you prefer digital or analog (film) photos and videos? Why?	Digital because the quality is better and he can instantly see if the photos are good and retake the photos if needed.
Additional information	<p>Uses his phone camera to take photos to help him remember things.</p> <p>He misses the excitement of film photos but feels there are no benefits to using film anymore.</p>
