Scenario Questions for ReminderX Usability Study

1. You have just loaded ReminderX onto you phone and this is the first time you have used the app. Show me how you would create an account using your email and how you will learn how to use the app?(Log-in and take the tour of the app)

2. You are excited to start using your new to-do app and want too create a custom list for all the tasks you need to do for your pet dog Fido. How would you go about making a new to-do list titled "Dog List"? (Make a new List "Dog List)"

3. Now that you have your Dog list, you want to add in some tasks so you remember to do them. There are 3 tasks you want to add:and put in
   - Feed the Dog Task: High Priority, a reminder of June 6 at 9AM, and picture of your dog.
   - Buy Dog Food Task: With Low Priority, a reminder of June 6 at 1pm, and a picture of food.

4. Your son told you about this cool new feature of voice commands on the ReminderX app, so you've decided to try it out. How would you go about putting in a task of "Wash the Dog" to the Dog List using a voice command?

5. You'd like to share the Dog List on the ReminderX app with your oldest daughter so she can help out with some of the doggie care. How would you go about doing this?

6. You have some free time and decide it's a good time to wash your dog. After getting him cleaned up, you want to check it off your list. How do you go about doing this?

7. Your mischievous pup has decided to get into some trouble right after his bath, and goes out into the yard and rolls around in some mud in your flower garden. You'll need to wash your dog again, but you have to run out to an appointment, so the bath will need to be done later. How would you put the "Wash the Dog" task back into your Dog List? (Put a task back on a list).

8. You finally got around to washing your dog. Instead of checking the task off, you decide you want to delete it completely from the list. How would you go about doing this?

9. Since your dog tends to get dirty on a regular basis playing in the yard, you regret deleting the "Wash the Dog" task and want to bring it back to the Dog List. How would you go about doing this?

10. You want to create a new list called Shopping List and move the Buy Dog Food Task from the Dog List to the Shopping List, without having to delete it and re-enter it again. How would you go about doing this? (Create a new list and move task/move task and create list).

11. You are having a busy morning and you're running in 5 different directions when the reminder to feed the dog goes off on your phone. You had fed the dog earlier but forgot to check it off your to-do list. How would go about letting the app know this task is complete? (Answer a reminder and then check off the task).
